

This diagram shows an exploded view of a circular metal frame assembly. The components are labeled with red numbers and blue leader lines:

- 304**: A curved metal segment, likely a part of the frame's rim or a support arm.
- 346**: Multiple curved metal segments, possibly spacers or decorative elements between the main frame rings.
- 347**: A small, L-shaped metal bracket or fastener.
- 349**: A circular metal ring, likely the inner frame.
- 350**: A larger circular metal ring, likely the outer frame.
- 350**: A circular metal frame with a radial internal structure, possibly a support or a decorative base.
