

A grey toy tank with a yellow front plate. A red line points from the label **J38** to the yellow plate.

Diagram illustrating the assembly of the truck body. The central component is the truck chassis. The following parts are shown being attached to it:

- K109**: A curved piece for the front of the truck.
- K112**: A long, thin piece for the top of the truck.
- K111**: A piece for the side of the truck.
- K110**: A piece for the side of the truck.
- K113**: A piece for the side of the truck.
- K117**: A small piece for the side of the truck.
- K108**: A curved piece for the back of the truck.

Two completed truck models are shown on the right, demonstrating the final assembly.
